**OUR NOTE OF CONGRATULATION TO NPP UK ON THE OCCASION OF YOUR 30TH ANNIVERSARY**

The leadership of NPP-USA would like to extend our warm congratulations to our Sister Branch, the NPP UK on the occasion of the commemoration of your 30th anniversary of the formation of the New Patriotic Party-UK (NPP UK) Branch.

We thank you immensely for the invitation to celebrate with you this milestone. While we had great plans to join you in celebrating this momentous occasion, we are unable to attend due to some other things but we are absolutely behind you in spirit and would like the opportunity to contribute in any way in support of the anniversary.

Your body of work as NPP UK over the cause of 30 years growing the branch in the United Kingdom and your enviable record of achievements towards the success of our tradition speaks for itself and you must be profoundly proud of your accomplishment over the span of 30 years.

We in the United States of America reaffirm our trust and confidence in your Branch for your fortitude and the tremendous amount of work you have done and seek to continually do to promote the growth and ideals of the NPP both home and abroad.

We pledge to continue to deepen our collaborative friendship with your Branch even more further as we seek to work towards breaking the 8.

Once again, on behalf of the leadership of NPP-USA and its cherished members, we take this opportunity to wish you well and a fun filled night with all your invited guests.

Yours Sincerely,

Yaa Amponsah Frimpong (Mrs.)
Chairperson, NPP-USA
